

Dear TCMS Member,

As current events regarding the Coronavirus (COVID-19) continue to change and develop in the U.S., in Oklahoma and Tulsa County we encourage our members to refer to our state and county public health websites. For ongoing updates and information:

Oklahoma State Department of Health: <https://coronavirus.health.ok.gov/>

Tulsa Health Department: <https://www.tulsa-health.org/COVID19>

OSMA COVID-19 Resource Center:

https://www.okmed.org/web/Online/Member_Resources/OSMA_COVID-19_Resource_Center.aspx?WebsiteKey=8a52edde-252c-40e1-9b28-f9b1691851f3

Questions and concerns regarding testing, management, and appropriate protection should be filtered through the Tulsa Health Department. Your TCMS Board of Directors encourages you to remain vigilant and refer to our county and state public health websites as provided above.

>> Volunteers Needed for OSMA/OSDH COVID-19 Hotline

The rapidly changing situation with COVID-19 has left the public and providers with many questions. To that end, OSMA is partnering with the Oklahoma State Department of Health and the governor's office to staff an OSDH hotline that will be launching later this week. The hotline will be physically located at the OSDH Building, 1000 NE 10th Street, OKC. If you are interested in volunteering to serve in this capacity, please contact Matt Robison at robison@okmed.org or 405-601-9571 for more information.

>> Oklahoma Telemedicine

There has been some interest from our member physicians in Oklahoma Telemedicine. The following link should provide some answers to many questions:

https://www.ok.gov/health/Organization/Center_for_Health_Innovation_and_Effectiveness/Office_of_Telehealth/
